HAMILTON

Interfaith Caregivers gets \$25,000

A \$25,000 grant from the Princeton Area Community Foundation will help Interfaith Caregivers of Greater Mercer County continue to provide free services such as transportation, grocery shopping, visits, meals and home repair to area senior citizens and people of all ages with disabilities. The grant comes as ICGMC celebrates its 20th anniversary and concludes a year of record-breaking demand and service levels, including a 21 percent increase in people served (386), a 92 percent increase in new care receivers (196) and a 27 percent increase in service hours (15,015) from 2012 to 2013.

To request services, volunteer and/or support, visit icgmc.org or call (609) 393-9922.
