

WEBINAR: May 6, 2026 | 7:00pm EST

## *Beyond the Move:* Navigating Emotions and Connection After Long-Term Care

Join Dr. Angelica Catusco for an educational session designed specifically for caregivers who have transitioned a family member into a care facility. This session provides clear guidance, practical tools, and emotional reassurance, helping caregivers move from fear, guilt, and uncertainty to confident, compassionate presence during visits, while honoring both the caregiver's nervous system and the lived experience of dementia.
