

Alzheimer's Support Group

Are you caring for an adult age 60 or older in Mercer County who has been diagnosed with Alzheimer's disease or is experiencing memory problems?
Then please join us for our Alzheimer's Support Group.

Caring for someone with Alzheimer's or memory issues can be challenging. This support group provides a safe and welcoming environment for caregivers to share their experiences, seek advice, and find emotional support from others who understand their journey. Participants will also learn about helpful resources for caregivers in the area.

The group is facilitated by the Senior Well-Being Specialist from Oaks Integrated Care. This program is funded through the Older Americans Act and the Mercer County Office on Aging.
